You don't often get email from eagle0086@live.com. Learn why this is important

I am writing to voice my concerns about the proposed racetrack/venue property at the Rt. 42/Sawmill Pkwy location.

It's one thing to have light industrial facilities in the area, but something totally different to have loud race cars within earshot of residential housing.

I live the area, and I DO NOT WANT the added noise and congestion added to the City of Delaware.... so close to my tranquil neighborhood.

Sincerely,

Chris Johanson
