You don't often get email from lmlmiller@yahoo.com. Learn why this is important

I am a resident at 321 Linwood Street in Carson Farms. I would like Council to insure developers provide for all traffic impacts with proposed new development.

I would also like assurances that there are appropriate noise ordinances and hours of operations restrictions. I recall these items being points of contention for residents near the old Polaris Ampitheater years ago with struggles between Delaware County and local municipalities to mediate.
