Subject: Concerns Regarding No Parking Resolution & Request for Speed Feedback Sign
Date: Tuesday, February 25, 2025 3:12:00 AM

You don't often get email from meiryedilla@gmail.com. Learn why this is important

Dear Members of the Parking and Safety Committee,

I hope you are doing well.

I am writing to express my concerns regarding the proposed resolution to establish No Parking along the north side of Park Vista Drive from Troy Road to Broadview Chase. I strongly believe that removing parking in this area may unintentionally lead to increased speeding, as parked cars naturally encourage drivers to slow down. Given the existing issues with speeding on our street, I fear this change could make the problem even worse.

Additionally, I would like to request an update on the return of the speed feedback sign. It was expected to be repositioned in January, but it has not yet been returned. The presence of the sign is crucial in reminding drivers of their speed and encouraging compliance with the speed limit. Even though some drivers may still speed, the sign serves as an important deterrent and raises awareness, making a noticeable difference in traffic behavior.

Unfortunately, I may not be able to attend the meeting in person due to my responsibilities with my young children, but I wanted to take this opportunity to share my concerns. I appreciate your time and consideration and hope you will take these points into account when discussing the resolution.

Thank you for your attention to this matter.

Best regards,

Meiry Araujo
