As I'm unable to attend the meeting tonight, here are my comments:

My name is Kellie Hall (37 Park Ave.) and I have been the director at the Early Childhood Center at Ohio Wesleyan University for the past eighteen years. While the speed of the motorists on Park Ave. has always been a concern, this concern has increased during the past two years. We've had several families report near accidents while they are in the crosswalk with their children. Last year and just several weeks ago there have been car accidents directly in front of our building. While luckily no one was seriously hurt in these accidents, it was stressful for children and teaching staff to witness. We support the change to an all way stop on the corner of Park Ave. and S. Franklin and the other safety measures considered such as, repainting the cross walk and removing trees to create better sight lines around our school.

Thank you for your time and consideration.

Kellie Hall
