Subject: No new development in Riverby Estates

Good evening,

While I cannot attend these meeting due to work obligations, I want to ensure my voice is heard. I recently purchased a home here in Riverby Estates, with the intention of raising my family in a small, safe neighborhood. Part of what makes Riverby so great is the size and seclusion of the neighborhood. We are left feeling safe as we know our neighbors. Our kids can play and enjoy themselves without an abundance of traffic, or any of the other dangers found in larger communities.

By proceeding with this new development you would be ruining what makes this neighborhood so amazing. The traffic would no longer allow our children to play so freely. The introduction of so many new homes would eliminate the uniqueness that makes this place so special. We have begun to build our lives here in this amazing community, please do not destroy this neighborhood.

Signed,

A Concerned Riverby Estates Homeowner
