Subject: Bald eagles nest in area of proposed development

> You don't often get email from jmc3959@hotmail.com. Learn why this is important

I live in Lantern Chase at NE corner of Marblewood Dr. I'm notifying you of an eagle's nest that is located in the woods behind my property that is located in the NE corner of the woods. It has been there for approx. 2 years. You may already be aware of it. Before the leaves come out I can see the nest from my back door. I'm not an expert on eagles but it appears that they may be sitting on eggs this year. I know that there are regulations involving protection for the eagles and I wanted you to be aware of the situation before the public hearing on March 4th about development of 200.59 acres that the eagle's nest is located on.
