You don't often get email from stevehartman9000@gmail.com. Learn why this is important

Hello,

Can I have this added to the record?

The E. Williams Street parking area might be the most underutilized opportunity to enhance the appeal of the downtown experience. This is probably the most view section of town. There are a few nice areas but they are difficult to see amongst the boarded up windows. Perhaps in the future it will be an attractive area where visitors look up at and enjoy the environment instead of searching for the quickest way out.

Thanks, Steve Hartman
