Dear Council Clerk, City Manager, and Members of City Council,

Please distribute this joint statement to Council and include it in the public-comment record for tonight's meeting. If the deadline has passed, please circulate it to members and advise when it can be formally included in the record.

We are requesting independent review of two separate complaints concerning Delaware Police Department personnel:

- The September 26 response at Mingo Park, where Greg called police for assistance. Our complaint raises concerns about officers' treatment of us, their refusal to consider offered video and witnesses, their actions affecting our ability to leave, and disputed statements in the subsequent criminal complaint.
- DPD's combined 22 telephone calls to us between approximately 10 and 11 p.m. on September 27, which we consider excessive, disruptive, and intimidating telecommunications harassment.

We have video recordings, witnesses, and call logs available for review. These incidents have also affected our children's sense of safety and liberty in the city of Delaware.

We ask city leadership to ensure preservation of the evidence, arrange review outside the police department, identify who will oversee that review, and provide a timeline and written findings addressing each complaint separately.

The pending criminal charge will be addressed through the court. Our request to Council concerns public accountability, officer conduct, and confidence in an impartial complaint process.

Please confirm receipt and explain how these requests will be addressed.

Gregory and Jessica Bean-DeFlumer
